CLERK, U.S. DISTRICT COURT SOUTHERN DISTRICT OF CALIFORNIA

Case # 05 CR 2137-LAB

Your Honor, under my plea agreement and with your judgement in a criminal case you ordered a sentence of 100 months and that I would pay \$1500.00 restitution while in prison and 1000.00/month upon release. I paid the \$1500/month for three complete years with out missing a single payment. Last December the IRS placed a levy on both my Congressional and Military Retirement in which I nearly died for in service to my country. I then took care of my saved Retirement from the Navy Federal Credit Union of over \$84,000 and have charged interest on the restitution which on Page Five(s) in your judgement in a criminal case was waived. The BOB also takes my social security of \$2000/month. The little money they leave me after the Levy's also requires me to pay income tax on the Gross of the two combined retirements. I agreed with and signed your judgement in a criminal case, page 5. As did the IRS that part of that sentence came from. I'm requesting that I be held to what your sentence gave me

I would not have signed our Agreement if I had known the IAS would feign on that agreement and keep me in poverty for the rest of my life. The IAS has taken everything I have worked for during my nearly 70 years. They have taken over or we have paid over 2.75 million dollars in Assets. Cash, homes, cars, savings, and Retirement. After 40 years teaching, my wife is living hand to mouth & staying in her 2 bedroom Cobend mother's Home. You can only do a man so far your honor. As one of the most highly decorated veterans in the history of this nation and a lifetime of service yes I made mistakes but does that include killing me and my family.

Encl: your judgement in a Criminal case Pages 1-5.

Encl: Copy placed on my Civil Service Retirement for 6861 instalments = 57 more years Documents show you do have jurisdiction and even if not they have violated your agreed upon sentence. Encl Levy DFAS/and Retirement

You may not know that both Jason Ford and Phil Kalam lied about not using me in the Wilkes case. I had been coached for two months by them and the Justice Department. I was told that I would be used in the summation of the case & I was positioned outside of the Court room ready to testify until you ruled that no one could testify that was not used during the trial. They lied to the jury to you and to the press. It was not my fault that I was not allowed to help. I did so at every request and was made to lose my soul & put onto my knees. Your ruling on Rule 35 was not fair or just. I can't change that now but if I am to live, it would hope what you sentenced me to under your J.C.A.S. would be honored.

Today I received an email from my brother where THE KGB IRS is now taking my IRA savings. Everything I have left to start a life when I get out you, they have killed me.
